

Rules and Regulations 2019

In an effort to offer the safest environment possible for participants, we have established rules that will be taken very seriously. Thank you in advance for your understanding! Have fun!

SAFETY TIPS:

Always stay in control and be aware of your surroundings. A few tips:

- Skiers/snowboarders ahead of you always have the right of way – they don't know what you're doing behind them.
- Be sure to yield and give a glance uphill when the trail you are on is merging with another one.
- Avoid stopping in anyone's way. Do not stop in the middle of a trail.
- Helmets are MANDATORY.
- Do not drink alcohol and ski or ride.
- Stop skiing and take a break when feeling tired.
- Any run that clocks in faster than 13 minutes will be disqualified
- This is not a race – but a friendly fundraiser!

EVENT TRAILS

During daytime hours participants can utilize any trail on Sugarloaf – you MUST be wearing your event BIB and your event Sugarloaf lift ticket or Sugarloaf pass. Both the Superquad and Double Runner lifts will have timing mats for tracking runs. After 4pm and first grooming, participants will only use the Double Runner Lift and the Spillway to Boardwalk trail (follow the lights). **Anyone who is caught going off trail may have their Sugarloaf pass and privileges revoked.**

TIMING CHIP DETAILS

Each participant will have their own timing chip. You will get 1 point for each run, with a max of two runs per hour. Any run that is faster than 13 minutes will be thrown out (safety first). You can check out your score/number of points you have at the official timing trailer by the Sugar Shack.

Everyone must show ID and sign for their timing chips (Adults sign for children under 18). Timing chips must be used by those they are assigned to – this is a safety hazard. All timing chips must be returned by 10am on Saturday, March 2 to WinterKids volunteers or timing team. You can return at registration or at timing table on beach during Closing Ceremonies.

ADDITIONAL EVENT POLICIES:

- All team members must sign a sugarloaf waiver onsite at registration to participate
- Everything must be cleared out of the king pine room by 7:00 am Saturday
- No household appliances like crock pots or blenders allowed
- Narrow gauge station area will be shut down by 6pm – all d24 participants must be in the king pine room after 6pm.
- Sleeping only permitted in the designated “sleeping area” in the king pine room.
- Do not drop trash from lift (WinterKids volunteers have to clean that up).
- Please throw all on-mountain trash away at mid-mountain party in trash barrels.
